The Kimmel Cancer Center (KCC) at Jefferson is a National Cancer Institute-designated clinical cancer center for excellence in cancer care and research. *US News & World Report* recognizes Jefferson as one of the best hospitals in the nation for cancer care. Jefferson is also a Blue Distinction Center for Complex and Rare Cancers. Cancer treatment at the Kimmel Cancer Center utilizes cutting edge technology, along with world class therapeutics and the latest clinical trial options. With an emphasis on translational research, we aim to translate our latest research discoveries to new treatment options for our patients, in a time efficient manner.
